

Edward Weinberg, P.W.S

With more than 25 years of experience, Ed pursues his passion for the environment through his work as an expert scientist in wetlands planning, permitting and preservation. As a Professional Wetland Scientist and President of the company, Ed undertakes a wide range of assignments – from wetlands delineation, water quality analysis and shoreline permitting to endangered species evaluations. In 1997, Ed formed EW Consultants, Inc. He has authored and contributed to numerous studies, presentations and publications for the American Water Works Association and the American Membrane Technology Association. He is a current board member of the Business Development Board of Martin County, board secretary of the Economic Council of Martin County, served on the board of directors for the St. Lucie River Initiative and belongs to the Society of Wetlands Scientists, Florida Academy of Sciences, National Association of Environmental Professionals, Florida Association of Environmental Professionals, American Water Works Association, American Membrane Technology Association and the Treasure Coast Builders Association. Ed is a Certified Professional Wetland Scientist and a U.S. Army Corps of Engineers Certified Wetland Delineator.
