

Natural Resource Management, Wetland, and Environmental Permitting Services

Peter Fastuca, Certified Arborist / Environmental Scientist

Peter Fastuca is a natural-resource professional bringing extensive experience in arboriculture, tree risk assessment, and natural resource assessment across multiple regions of the United States. He is an ISA Certified Arborist with additional certification as a PADI Open Water Scuba Diver. Peter's background includes consulting arborist roles, utility forestry work, and pre-inspection assignments supporting post-wildfire recovery efforts in California. Peter conducts various listed species surveys, as well as health and risk assessments for specimen trees. He is a Florida Fish and Wildlife Conservation Commission Licensed Gopher Tortoise Agent. Peter is an active member of the Florida Association of Environmental Professionals and the Florida Chapter of the International Society of Arboriculture.
